Do You Know About MAC-PAC?

MAC-PAC is the **only** Michigan political action committee with the primary mission of electing and supporting **pro-chiropractic** incumbents and candidates.

Get Involved! Here's How You can Help Protect the Future of Chiropractic:

1. Set up recurring donations.
2. Keep up with the latest updates and watch for other "call to action" items.

MAC-PAC is the only Michigan political action committee with the primary mission of electing and supporting pro-chiropractic incumbents and candidates. To set up your recurring donation, simply scan the QR code!

Every two years, all 110 seats in the Michigan House of Representatives are up for re-election. Every four years, the 38 seats in the Michigan Senate are up, too. With this much electoral activity, **it is critical that the issues facing chiropractic patients and the doctors who provide their care remain on the legislative agenda in both chambers of the Michigan Legislature.**

At the beginning of each MAC President's tenure, the President, Board of Directors, and the Government Relations team develop the two-year legislative agenda for the organization and a plan to ensure its success. For more information on the current two-year plan, scan the QR code above.

Why Support MAC-PAC?

Direct financial political contributions, coupled with strong grassroots efforts, are successful approaches that have led to many victories for the chiropractic profession. MAC-PAC allows chiropractors across Michigan to pool together financial resources to **elect and support lawmakers and candidates who support chiropractic – regardless of their political affiliation.**

When you contribute to MAC-PAC, you are:

- Strengthening our voice in Lansing and building a stronger profession in Michigan.
- Making an investment in the future of the profession, protecting chiropractors and our patients.
- Supporting elected officials and candidates who are true advocates for chiropractic.
- Raising resources to convince lawmakers that expanded access to chiropractic is a critical part of the solution to the opioid crisis, skyrocketing health care costs, and more.

Do Part of My Dues Automatically Go to MAC-PAC?

Many doctors believe that being a member automatically makes them a PAC contributor. This is not the case, because state law requires that payments for dues be separate from payments to political action committees. Additionally, PAC contributions can only be made using personal – not corporate – funds.

Two MAC membership levels – Presidents and Ambassadors Club – both include a commitment to contribute to PAC. These contributions require a separate charge on a non-corporate credit card and a separate invoice.

If you would like to make a personal contribution to help further our legislative goals, scan the QR code or call the MAC at (517) 367-2225 and we can get you started!

Do Other Health Professional Organizations Have PACs?

Yes. All the major professional organizations have PACs advocating for their members' (and their members' patients') interests. Sometimes we work in collaboration with these groups on our legislative issues, and sometimes we are at odds.

But probably more importantly, major insurers have PACs, too. According to a report from the Michigan Campaign Finance Network, Blue Cross's PAC raised the seventh most amount of money of all the PACs in Michigan – more than \$379,000 from January 1st through June 30th, 2019, showing the importance of strengthening our coffers so we can ensure the chiropractic message remains clear in Lansing.

Conclusion

The MAC legislative agenda is dependent upon electing and re-electing candidates and legislators who support chiropractic. Without these supportive lawmakers, our key issues will not be resolved. We need to make sure every state senator and representative knows the healing power and cost-effectiveness of chiropractic's natural approach to health care! Make your donation today! Simply scan the QR code... and support your future!!
